# iRIS

## LIGHTING CONTROLLER

### Premium handset design

Capacitive touch screen remote constructed from premium materials and scratch resistant acrylic screen.

### Long Range RF

Never lose signal again. With Spa Electrics long range RF you can control your lighting system from up to 50 meters away.

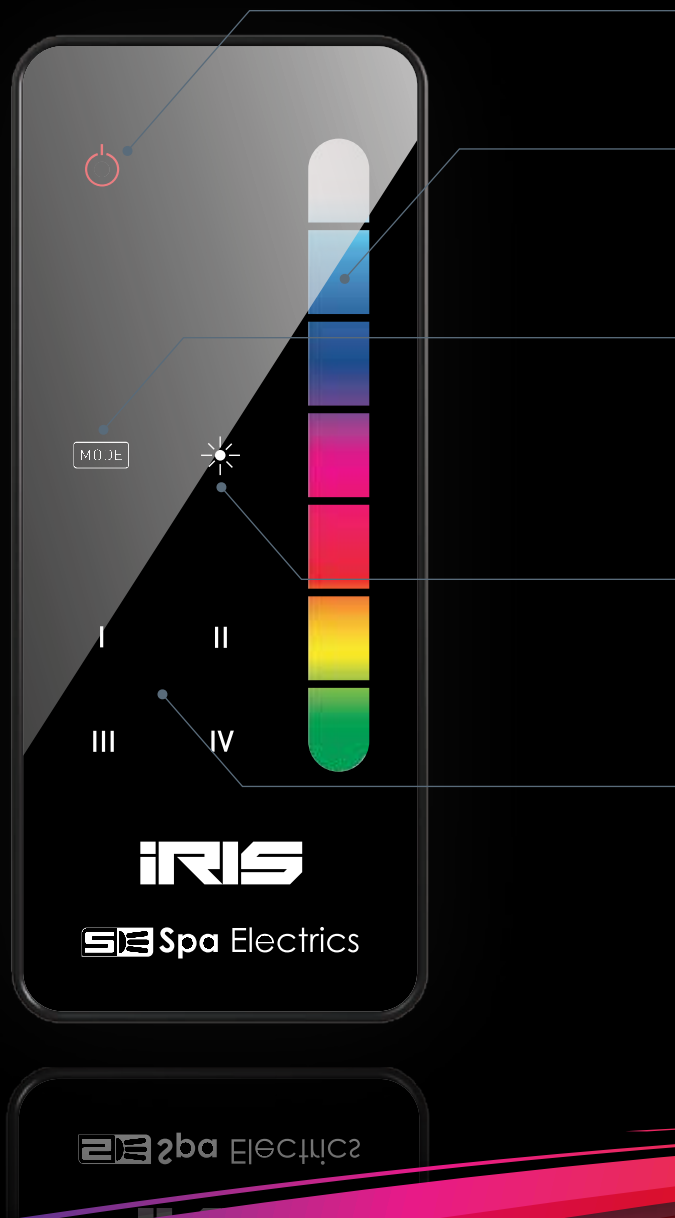

### Plug & Play installation

Simply plug your Spa Electrics transformer into the base of the iRIS and take instant control of your lighting system.

### Suitable for new & existing pools

Using Spa Electrics patented technologies, this system can be installed on existing pools without the need to replace the pool light cable or transformer. Simply install a Spa Electrics MULTI PLUS light and iRIS controller for instant control of our pool lights.

## OVERVIEW

### POWER BUTTON WITH LED INDICATOR

LED indicator remains illuminated while remote is in active state and changes colour to indicate the selected lighting channel.

### 7 STATIC COLOURS

Choose the colour to suit your mood. With a choice of 7 stunning static colours, you can completely transform the look of your pool at the touch of a button.

### POOL / SPA CHANNEL SELECTION

Independently select the colour of your pool and spa lights using the Mode selection button.

Simply select the desired channel (Pool / Spa / Pool & Spa) and choose your favorite colour or show for each.

### BRIGHTNESS CONTROL

Now you can select how bright you would like your lights using brightness control.

Select between 3 levels of brightness for the perfect lighting effect for your home.

### 4 MULTI-COLOUR MODES

Whether it's a romantic night in or a party to remember, the iRIS has a colour show to suit every occasion.

Select between 4 Multi-colour modes from tranquil blues and whites, to fast beat party modes, or simply sit back and enjoy the colours of a beautiful Australian sunset.

With the iRIS lighting controller, the perfect lighting show is always at your fingertips.
