FILTRATION

Delta 10 Filter (Sand bed depth: 1.0m)

Description:
The new range of laminated Delta filters has evolved from the PTK filter series. Using new manu-facturing processes, which provides multiple product configuration options.

A new 30% larger joint reinforces the seal of both parts of the filter with double security: fibreglass laminated on the inside and high tensile strength composite at the outer union of the filter. All connections are on a thicker base, thus improving resistance. Connection to any valve is also made easier thanks to the re-location of the fittings. The height of the lower part of the filter has been increased in order to strengthen the internal nozzle plate support. .   Maximum operating pressure 250 kPa, Test Pressure 375 kPa. Filtration velocity 40m3/h/m2. Sand bed depth 1m. 0.3mm slotted laterals. 200mm Lateral Manhole. 200mm diameter rapid fitting lid on 800mm Diameter Model

Options:
Vinylester resin construction, multiport valve. Nozzle Collector Plate 0.5mm. See below.

Ordering:
Check stock & leadtime, refer to option codes and prices.

Warranty Guide:
2 year full warranty on filter tank and 1 year full warranty on internal components, gauges, valves. Refer to instructions and website for full warranty details

Tanks - Lateral Collector Arms - Max working pressure: 250kPa (2.5 bar)

Model	Product Code	Diameter	Connections
Delta 10 Filter - 650mm - 13,300	36676-000	650mm	40mm
Delta 10 Filter - 800mm - 20,000	36677-000	800mm	50mm
Delta 10 Filter - 1000mm - 28,000	36678-000	1000mm	65mm
Delta 10 Filter- 1200mm - 45,000	36679-000	1200mm	80mm

DN200 Quick Fit Lid for 650mm & 800mm only

Tanks - Nozzle Collector Plate - Max working pressure: 250kPa (2.5 bar)

Model	Product Code	Diameter	Connections
Delta 10 Filter - 650mm - 13,300	36684-1000	650mm	40mm
Delta 10 Filter - 800mm - 20,000	36685-1000	800mm	50mm
Delta 10 Filter - 1000mm - 28,000	36686-1000	1000mm	65mm
Delta 10 Filter - 1200mm - 45,000	36687-1000	1200mm	80mm

DN400 Bolt Down Fit Lid for 1000mm & 1200mm

Options

Model	Product Code
FX 90 Vinylester construction resistant to Ozone concentrations less than 0.4 ppm	
Multiport Valve 40mm MPV - S/M	17887
Multiport Valve 50mm MPV - S/M	17888
Multiport Valve 65mm MPV - S/M	24837
Union Adaptor 65mm X 2 1/2"" B	02359
Multiport Valve 80mm with unions	18515
Unions between valve and tank included (on codes 17888 & 24837)
