acquatherapé

mineral wellbeing

Transform your pool into a luxurious mineral bath. Specially blended minerals are designed to soften your pool and spa water, for a swimming or bathing experience like no other. Swimmers can absorb up to 500ml of water in an hour of pool use so the unique blend of Acqua Therapé can provide health benefits for the skin, hair, eyes and nervous system.

Suitable for most salt chlorinators, Acqua Therapé is easily dissolved into the pool water and its ingredients help prevent staining and assist in preventing calcium and scale build up in the salt chlorinator cell, heaters, pool interior and other equipment

Acqua Therapé is specially formulated with a blend of minerals that offer the following benefits:

- Mineral wellbeing for your pool and spa
- Softens water for a silky smooth swimming experience
- Inhibits scale, staining and calcium build up
- Luxuriate in a mineral spa in your own backyard

natural pool & spa

natural ocean mineral therapy
