

CA MEDIA FILTER

- ✓ Premium 10 lateral under drain designed for low pressure loss which requires less power consumption for optimal flow rates
- ✓ Unique under drain ensures effective backwashing in less time saving water
- ✓ Fully injection moulded for high strength and longer life
- ✓ Suitable for variable speed pumps such as the Viron XT P320
- ✓ Unique lock ring secures valve in just seconds and enables faster and lower cost maintenance and installation
- ✓ Compact size reduces the space and room needed

CA MEDIA FILTER

AstralPool's CA Media Filter is 100% designed and made in Australia from the most advanced injection moulding and assembly process of any filter. Engineered and designed for high strength, long life, optimal flow rates and easy installation and service the CA Media filter range provides the best value for money and is designed for tough Australian conditions.

CRYSTAL CLEAR

The AstralPool CA Media Filter produces crystal clear water using fine sand or recycled crushed glass media as the filter medium. Each filter incorporates an engineered multiport valve to direct the water flow and minimise the resistance through the filter, making the CA Media Filter ideal for today's energy efficient high performance pumps.

SUITED FOR YOU

The CA range is available in 4 models complete with 6 way multiport valve, pressure gauge and air release, barrel unions and backwash sight glass.

AstralPool CA Sand Filters are perfect to combine with Viron Glass filter media for clean, healthy and sparkling pool water.

FILTER BREAKTHROUGH

The CA range represents the largest investment in design and production for any residential filter range using high quality hardened steel tooling to produce high tolerance, high strength tanks which provide the longest trouble free life available. This high tolerance enables the screw on lock ring to secure the multiport valve along with self sealing barrel unions which enable fast, simple installation, easy service and access to the filter media in future years.

WARRANTY

Each filter is covered by a limited 10 year warranty on the tank and 12 month warranty on the valve and internals. For more information go to astralpool.com.au

CAPACITY TABLE

Model	Tank Diameter	Filter Area	Port Size	6 Hour Turnover	8 Hour Turnover	Sand Required	Viron Active Course	Viron Active Fine
CA280	665 mm	0.30 Sq M	40 mm	100,800 ltrs	134,400 ltrs	120 kg	45kg	75kg
CA300	665 mm	0.30 Sq M	50 mm	108,000 ltrs	144,000 ltrs	120kg	45kg	75kg
CA340	742 mm	0.38 Sq M	50 mm	115,200 ltrs	153,600 ltrs	150 kg	60kg	90kg
CA400	816 mm	0.46 Sq M	50 mm	144,000 ltrs	192,000 ltrs	200 kg	75kg	125kg

DIMENSIONS WITH VALVE INSTALLED

Model	Height	Width	Shipping Weight
CA280	106 cm	66.5 cm	20 kg
CA300	107.6 cm	66.5 cm	21kg
CA340	107.6 cm	74.2 cm	22 kg
CA400	123.3 cm	81.6 cm	28 kg
