WATER PRODUCTS

DAVEY
for the pool & spa

Davey's promise is simple – to provide dependable, innovative water solutions when and where people need them, supported by the best service and advice.

Davey Water Products manufactures and distributes a comprehensive range of products for transfer, conservation, treatment and filtration of water. Davey is a market leader in Australia and New Zealand exporting to more than 50 countries, servicing some of the toughest environmental and climatic conditions on the globe.

Davey is part of the GUD Group. GUD Holdings Limited is an active manager of a number of leading consumer and industrial products companies in Australia and New Zealand.

For over 75 years, Davey has been providing world-leading technology for water needs in and around the home, on the farm and in businesses within the community. With product dependability second to none, this household brand creates ground-breaking products for water used by pools and spas, rainwater harvesting, irrigation, fire and flood protection. With an emphasis on environmental efficiency, value and reliability, you can depend on Davey.

DAVEY

for pool water that's clean and safe

ChloroMatic®

ChloroMatic® salt water sanitiser

Combine the feel of natural, clean, sparkling pool water with automated pool chlorination. With a big choice of models, the Davey Chloromatic Salt Water Chlorinator is ideal for all residential pools. Plus you get Davey's easy-to-use controls, easy-to-clean reverse polarity cell and the option of automatic pH control. That's Davey dependability.

EcoSalt®

EcoSalt™ salt water sanitiser

Safe and sparkling salt water all season long at an affordable price is a reality. The Davey EcoSalt automatically sanitises small to medium sized pools and spas and gives you economical, simple operation in a compact unit. EcoSalt gives you 'set and forget' convenience and the reverse polarity cell makes cleaning quick and easy.

OzoMatic®

OzoMatic® ozone sanitation

Gentle to people, safe for the environment and a powerful oxidiser, the Davey OzoMatic reduces chemical usage and costs only a few cents a day to run. Davey OzoMatic – together with your Davey salt water sanitiser – produces pristine quality water, naturally.

PowerMaster® ECO Series offers three-speed control.

WATER PRODUCTS

DAVEY

for great pool water circulation

PowerMaster® ECO Series and PowerMaster pool pumps

Don't let the savings fool you. Davey PowerMaster ECO Series gives you outstanding 8-star energy efficiency with low running costs and exceptional performance. With three speeds at your fingertips you can control every pool operation for maximum savings. Or opt for the original Davey PowerMaster, a robust and powerful single speed pool pump with several motor sizes, designed to perfectly suit all pool sizes and applications.

PowerMaster® ECO

Silensor® pool pumps and Silensor® ECO Series

Are you after the quietest of pool pumps? The name says it all... Davey Silensor. The patented water-cooled motor makes Silensor so quiet, you can use it at any time of the day or night. The range offers an optional extra large leaf basket for fewer cleans, giving you the perfect single speed pool pump for any residential use. Silensor ECO Series boasts a 6-star energy efficiency rating for low running costs and is perfect for above ground pools or smaller pools close to your home.

Silensor®

Whisper™ pool pump

Why buy a pool pump that is too big for what you need? If you have a smaller below ground pool or an above ground pool, Davey Whisper is an economic, compact pump, that is ideal for you. Affordable to run, this powerful little pump can handle filters and cleaners and is also perfect for solar heating applications.

Whisper™

Typhoon™ pool pump

Capture the power of a Typhoon. Davey Typhoon offers exceptional flow rates and high performance water circulation for your larger pool, with a choice of seven models. Typhoon is also ideal for multi-story solar heating applications.

Typhoon™

Hurricane™ counter swim system

Turn your pool into a leisure and sports zone with the Davey Hurricane counter swim system. Easy to install, this high powered pump and specially designed turbo swim jet outlet provides high flow of jet water to swim against. With 3 settings for increased swim resistance, the Davey Hurricane swim system is a fantastic addition to make your fun pool into an efficient swim station.

Hurricane™

DAVEY

for clean water that stays clean

Crystal Clear® &
EcoPure® media filters

Crystal Clear® and EcoPure® media filters

Make your pool water sparkle with Davey media filters. The Crystal Clear range uses Davey designed 't-laterals' for more efficient water use during filtration and backwashing; extending the time between backwashes saving you time, water and money. The EcoPure range is economical, very reliable and easy to use. Davey media filters come with a 10-year guarantee... peace of mind and a clear pool for years to come.

Easy Clear® cartridge filter

Easy Clear® and EcoPure® cartridge filters

Davey cartridge filters are the economic alternative for the water-conscious swimming pool or spa pool owner, with no backwashing required. Suited to energy efficient pumps such as Davey ECO series, Davey cartridge filters are easy to use and built with high quality materials. Easy Clear can be matched with any pump or pool size or choose EcoPure for your smaller pool.

Zelbrite

Zelbrite® Ultimate filter media

Designed by nature over millions of years, Zelbrite Ultimate comes from volcanic rock and is the superior alternative to traditional filter media. Zelbrite's porous structure provides a huge surface area which traps the smallest particles. Better filtration means you use fewer chemicals to keep your pool safe and healthy and save money. Have confidence as this is the only Australian media certified with the 'Smart Approved' Watermark.

DAVEY

for automatic cleaning

Leaf WIZARD® automatic pool cleaner

Leaves are a thing of the past with the quiet running, turbine driven Davey Leaf WIZARD cleaner. Ideal for any common pool type and surface, the Leaf WIZARD is a premium cleaner kit that comes with everything you need. Just set and forget and enjoy a crystal clean pool.

Leaf WIZARD®

Frill-Neck WIZARD® automatic pool cleaner

Slithering quickly and quietly around any common pool surface, the Davey Frill-Neck WIZARD is the ideal economic choice for sparkling pool surface. Perfect for smoother surfaced pools or matching with Davey ECO series pool pumps. Choose from the standard kit, or large bumper ring kit, perfect for those hard to reach corners. This reliable cleaner gives you your weekend back, and won't break the bank.

Frill-Neck WIZARD®

DAVEY

for keeping your pool water warm

Solar Matic™

Solar Matic™ pool and spa heating system

Capture the power of the sun with the Davey Solar Matic pool and spa heating system. The free heat generated by the sun is transferred into your pool and spa water. Extend the warmth of the summer swimming season at a fraction of the cost of traditional heating. Solar Matic gives you control over water temperature and energy efficiency at the touch of a button.

Gas heater

Davey gas heaters

Swim and entertain all year round with a Davey Gas Heater. These heaters run on natural gas or propane and utilise hot surface ignition for optimal energy savings. Straightforward to operate, Davey Gas Heaters come with an optional remote control. Great for both indoor and outdoor installations, they're the ideal choice for heating virtually any pool and spa.

Clevalink™ controller

Clevalink™ controller

Work smarter not harder. If you are looking for an effortless, easy to install, all-in-one control system for inside and outside the house, look no further than the Davey Clevalink controller. Clevalink allows you to operate pool and spa pumps, fountains, lights or blowers, remotely and automatically. Take control of fun time with your family and plug in lighting, outside entertainment devices or whatever turns you on.

DAVEY

for your poolside oasis

FilterMate controller

Take control of your leisure time. Davey FilterMate automates your pool and spa equipment with a simple to operate and very smart all-in-one controller. Picture the possibilities of commanding filtration, lights and other outside entertaining devices, with a fully weather protected remote controlled system.

Filtermate controller

Waterblade™ waterfall

Make your friends green... or blue or red with envy by adding 'spectacular' to your pool and garden design with the Davey Waterblade LED light and waterfall system. Shimmering ambient lights in gorgeous colours and the tranquil sounds of running water are available at the flick of a switch from a Davey control system. Get it all with your Waterblade and add features that will enchant your family and guests.

Waterblade™

Lights for in or around the pool

Brighten up your life with the Davey LED lights, PAL lights and compact lights. Davey can magically transform the look and feel of your pool or spa and entertaining area. Indulge your imagination with our full range of lights for underwater or surrounds – and beautify your entire garden with softly glowing colour.

Lights

DAVEY

for a cosy spa experience

SpaPower® controller

SpaPower® spa controllers

Customise your relaxation with a Davey SpaPower spa controller. With the ability to fine tune water speeds, blowers and spa lights you can chill out in a spa that's just to your liking. Available in a range of models to suit your needs, Davey SpaPower offers features like easy to program touchpads and in-pool temperature sensors to make the perfect experience simple to realise.

XCelsior® 3-in-1

XCelsior® 3-in-1 spa system

For the spa lover that wants more than just bubbles, Davey XCelsior 3-in-1 spa system is a pump, controller and heater in one compact unit. Quick to install, XCelsior is low on energy use yet comes with an intelligent touchpad so you can get temperature, lights, blowers and pump function that is 'just right'. No need to have multiple installations, XCelsior takes care of it all.

QB Series spa booster pump

QB Series spa booster pumps

Want the latest most powerful Davey spa pump? Then look no further than these super quiet and super efficient QB Series spa booster pumps. Creating strong pressure from your jets, to soothe and relax muscles, the range offers single or two-speed models with various output sizes to ensure your high flow is delivered when and where it is needed. Now even easier to install and operate when combined with a SpaPower® spa controller.

MaxiFlow™ booster pump

MaxiFlow™ booster pump

Does your spa have more jets than average? Davey MaxiFlow spa booster pump is compact and reliable, and is the pump for you. MaxiFlow combines high flow with low wattage output and reliable operation. Plus, its smart design makes it ideal for retrofit or replacement in existing spas.

SpaPower® blower

SpaPower® blower

Get more bubbles with less power from the new Davey SpaPower® blower. Available in single speed or variable speed models, the Davey SpaPower® blowers generate more air using less power, so you can simply plug into your existing or new spa to control airflow with the touch of a button. Relax with family and friends and enjoy your ultimate spa pleasure.

EcoSalt™ automatic spa sanitiser

Safe and sparkling salt water all season long at an affordable price. Davey EcoSalt automatically sanitises small to medium sized pools and spas and gives you economical, simple operation in a compact unit. EcoSalt gives you 'set and forget' convenience and the reverse polarity cell makes cleaning quick and easy.

EcoSalt™

EcoSpa™ salt water spa pool brominator

The chlorine alternative. Designed for 2-3000 litre spa pools, in-ground or portable spas, Davey EcoSpa ensures sparkling clean and safely sanitised water. The complete package, EcoSpa is ideal with an ozone generator and offers the convenience of a self-cleaning cell.

EcoSpa™

OzoMatic® spa sanitiser

Add clean and fresh to your spa with the Davey OzoMatic spa sanitiser. By combining ozone with the chlorine and bromine in your spa, Davey OzoMatic further reduces any harmful bacteria, reduces your sanitiser costs and is only a few cents a day to run. The perfect combination for crystal clear water is a Davey OzoMatic working with your choice of Davey salt water sanitiser.

OzoMatic®

Del Ozonator spa sanitiser

With technology derived from Mother Nature, and savings you can see, get a pure, sparkling spa with the Davey Del Ozonator. This cutting edge device produces a high concentration of ozone, up to four times that of a traditional spa ozone generator for cleaner, clearer, better-looking spa water. When used in conjunction with Davey sanitisers, it produces water purity far above what was previously possible.

Del Ozonator

Davey spa filters

Choosing the right filter for your spa pool will not only ensure clean, safe water but maximise the efforts of your sanitiser and give you better efficiency with water. The compact Davey Series 1000 Cartridge Filter is ideal for spa pools and small swimming pools. Alternatively, choose a Davey Skim Filter, which come as standard or 'wide mouth' with cartridge filters, so you can always get the right one for your needs.

Series 1000 cartridge filter

Skim filters

SpaPower® chain lights

Clean water and good flow are the nuts and bolts of any spa. But lights are the glitz and glamour to make your investment come alive. With Davey SpaPower® chain lights you can easily add a glowing ambience or animated colour to your spa and can be activated easily through your Davey Spa controller or Davey Xcelsior Spa System.

Lights

DAVEY

for other solutions

RainBank®

RainBank® automatic rainwater harvesting controller

Davey RainBank diverts your captured tank water for use in the laundry and to flush toilets. You save precious drinking water – and money.

Silver Series® garden pump

Silver Series® garden pump

Compact and economical, Davey Silver Series is the smart choice for using rainwater to maintain your garden and keeping your pool surrounds picture-perfect.

Microlene®

Microlene® under-bench water purifier

Looking for the perfect drink around the pool? Davey Microlene under-bench purifiers produce great tasting water – ideal for rehydrating and using in cordials and tea.

Dynapond pump

Dynapond pond and fountain pump

Designed to operate fully submerged, Davey Dynapond is ideal for large domestic or small commercial fountains, waterfalls and fishponds. They're also great for recirculation applications in freshwater aquaculture.

Sump Pump

Sump pumps

Ideal for an overflowing pool or in case of flooding, your Davey sump pump will quickly remove excess water, preventing and minimising damage to buildings and goods.
