Energy Efficient Pool Pumps

How much of your energy bill is electricity costs to run your pool equipment?

Do you want a pool pump with all the grunt but that saves you money (and the environment)?

Are you looking for a whisper quiet pump, that will get the job done with minimum energy and cost?

Davey has two fantastic energy efficiency pool pumps ranges to choose from.

No matter your pool size, we have you covered.

DAVEY
PowerMaster®
ECO-SERIES

- Super intelligent 3 speed setting control for super efficient pool water pumping, filtration and flow.
- Low Energy Consumption, only 408kW/year
- Australian Made – Australian quality
- Low Noise Levels—only 60.5dB
- 3 Year Guarantee

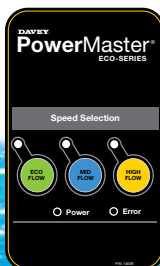

8 Star Energy Efficiency Rating

Davey PowerMaster® ECO Series is based on our most robust pool pump, so tough it can handle even extra large pools.

This new ECO Series offers all the fantastic reliability of the traditional pump, but can save you up to **70%** in running costs.

This clever design has three speed levels, so you can use the lowest setting for every day pool circulation, but are able to get a little more extra power for backwashing and pool cleaning if you find you need it. The choice is yours.

With an amazing 8 star rating of energy efficiency, you can run the PowerMaster® ECO for longer, but will still use less energy.

DAVEY
SILENSOR®
ECO-SERIES

- Super Quiet Noise Levels—only 55dB (at 1m distance)
- Huge Leaf Basket for longer cleaning intervals
- Australian Made
- Dry Run Protection
- 3 Year Guarantee

6 Star Energy Efficiency Rating

Davey Silensor® ECO Series pump offers you fantastic energy efficiency and runs whisper quiet.

With 6 stars energy efficiency rating, Davey's renowned and market leading pool pump is now not only ideal for your backyard but better for the environment as well.

With low power output, the Silensor® ECO Series will run for longer than a traditional pump but you will still enjoy the savings.

With two models to choose from, the Silensor® ECO Series pumps have smaller pools covered whilst still able to handle larger residential sizes.
