Davey Swim Jet Systems

Davey Swim Jet Systems

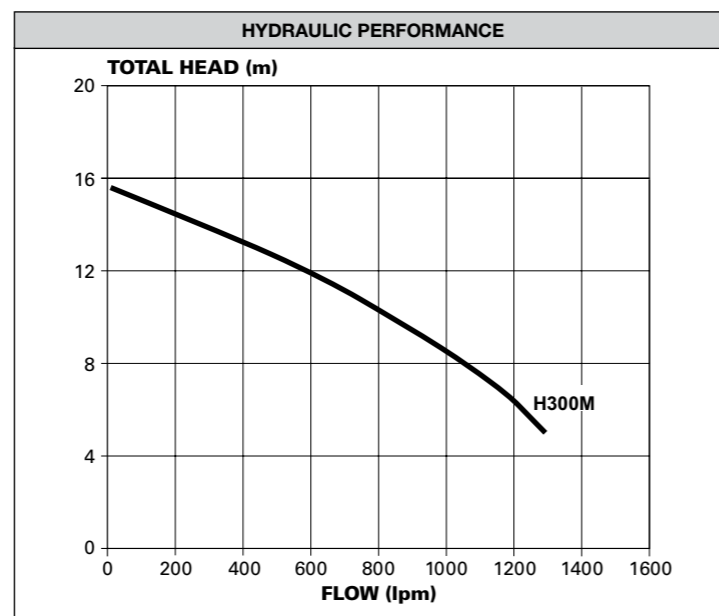

DAVEY Hurricane®

Turbo Pump

- High powered pump providing high jet of water
- Swim jet controlled by air switch on swim jet, not pump
- 65mm barrel unions for easy installation
- Simple installation of swim jet – only one hole required for both suction & return points
- Designed for dependability and long life
- Stainless steel pump shaft suited to salt water chlorinated pools
- Corrosion resistant body, foot and diffuser

ELECTRICAL DATA	
Voltage	220-250V
Supply frequency	50Hz
Phase	Single
Run Current	12.5A
Input power (P ₁)	3000W
Output power (P ₂)	2300W
RPM	2900
Enclosure class	IP55
Insulation class	F
Approval No.	W2442

C Series

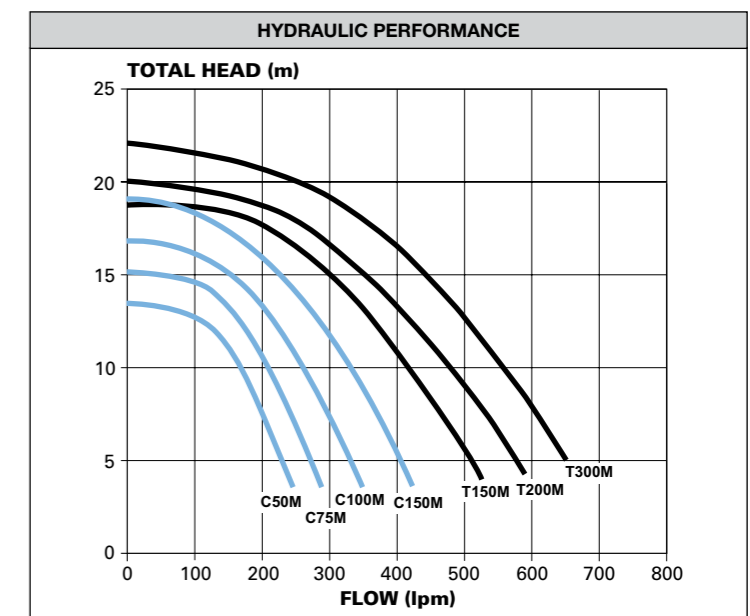

T Series

DAVEY Typhoon™

- Self priming pump for trouble-free operation and air handling
- Built in thermal overload to protect the motor
- Strong performance and high flow for optimum water circulation
- Reinforced pump base keeps the motor high and dry for corrosion protection
- Stainless steel pump shaft suited for salt water chlorinated pools
- Large leaf basket to handle large leaves and debris with ease

Hurricane™ counter swim system

Turn your pool into a leisure and sports zone with the Davey Hurricane counter swim system. Easy to install, this high powered pump and specially designed turbo swim jet outlet provides high flow of jet water to swim against. With 3 settings for increased swim resistance, the Davey Hurricane swim system is a fantastic addition to make your fun pool into an efficient swim station.

DAVEY ChloroMatic®

Combine the feel of natural, clean, sparkling pool water with automated pool chlorination. The Davey ChloroMatic® Salt Water Chlorinator is ideal for all residential pools.

DAVEY CrystalClear™

Make your pool water sparkle with Davey media filters. The Crystal Clear™ range uses Davey designed 't-laterals' for more efficient water use during filtration and backwashing.

Storm Swim Jet

With the benefits of air switch control, adjustable jet stream nozzle and air mixture dial, or simple direct control, the Hurricane® and Storm swim jets are perfect for maximising the enjoyment of your pool.

**WINNER of Product
of the Year and the
Energy Saving Award
at the 2012 SPLASH!
Environmental Awards.**

**PowerMaster® Eco Series
8 Star Energy Efficient
Swimming Pool Pump**

The premium Davey PowerMaster® ECO-Series range is specifically designed to circulate swimming pool water for filtration and in-floor cleaning applications. Variable three speed motor allows very high efficiency.

Davey gas heaters

Swim and entertain all year round with a Davey Gas Heater. These heaters run on natural gas or propane and utilise hot surface ignition for optimal energy savings. Straightforward to operate, Davey Gas Heaters come with an optional remote control. Great for both indoor and outdoor installations, they're the ideal choice for heating virtually any pool and spa.

OzoMatic® spa sanitiser

Add clean and fresh to your spa with the Davey OzoMatic spa sanitiser. By combining ozone with the chlorine and bromine in your spa, Davey OzoMatic further reduces any harmful bacteria, reduces your sanitiser costs and is only a few cents a day to run. The perfect combination for crystal clear water is a Davey OzoMatic working with your choice of Davey salt water sanitiser.

Clevalink™ controller

Work smarter not harder. If you are looking for an effortless, easy to install, all-in-one control system for inside and outside the house, look no further than the Davey Clevalink controller. Clevalink allows you to operate pool and spa pumps, fountains, lights or blowers, remotely and automatically. Take control of fun time with your family and plug in lighting, outside entertainment devices or whatever turns you on.
