

Clean & Clear® Plus

Cartridge Filter

By Pentair Pool Products®

Crystal clear water the easy way

Clean & Clear® Plus cartridge filter combines top-end filter performance with low maintenance. This dependable design uses special filter elements to strip tiny particles from your pool water...particles as small as 30 microns. (An average grain of beach sand is 1000 microns!) Our four-cartridge design provides maximum filter surface area to capture more dirt and extend time between cleaning. And cleaning is a snap. Open the top, remove the cartridges, hose them off, and Clean & Clear Plus is ready to go again.

We've maximized cartridge surface consistency to block and trap the maximum amount of solids, plus we use the most durable materials to extend cartridge life. Clean & Clear Plus delivers commercial-grade performance that keeps pools clean and sparkling, day in and day out.

- Four-cartridge design traps more dirt and extends time between cleanings.
- Cartridges are easy to remove and rinse.

- Clamp ring allows easy access to cartridges and internal parts to speed service routines.
- 40mm drain is easy to access and located to ensure complete draining during winterization.
- Fiberglass reinforced polypropylene tank is strong and corrosion resistant for extra long life.

An Eco Select™ Choice

Clean & Clear Plus is an Eco Select™ Choice. The Eco Select brand identifies our "greenest" and most efficient equipment choices.

Water flows very efficiently through the Clean & Clear Plus filters, often allowing the use of smaller pumps or lower pump speeds to minimize energy use. And when you rinse cartridges rather than backwash, you can significantly reduce water use, too.

Clean & Clear® Plus Cartridge Filter

- Clamp ring for safe and quick access to cartridges
- 2" plumbing for maximum flow and faster water cleaning
- Single-piece fiberglass reinforced polypropylene tank for strength and corrosion resistance
- Easy access 1½" drain makes proper winterization fast and simple

Model Number	Filter Area Sq. Mt.	Vertical* Clearance	Filter Diameter	Flow Rate LPM		Turnover Capacity-Res. (Litres)

Four cartridges in a compact design

Clean & Clear® Plus cartridge filters contain four polyester cartridges that hold enormous amounts of dirt, yet are easy to clean. The fiberglass reinforced tank halves are secured with an innovative clamp ring – just loosen the ring and remove the top half for easy cartridge access and rinsing. Filter maintenance doesn't get any easier.

- Continuous internal air bleed prevents air build-up, to keep the filter operating at peak performance.
- Single-piece base and body for strength, stability, and years of dependable service.
- Five year limited warranty. See warranty for details.

¹ NSF Listed

* Required clearance to remove filter elements.

** Maximum flow rate.
