## ONGA DOMINATOR PUMP

Code	Description
D7535	Stainless shell multistage submersible pumps with moulded impellers and diffusers
D7556	Stainless shell multistage submersible pumps with moulded impellers and diffusers
D11557	Stainless shell multistage submersible pumps with moulded impellers and diffusers

## FEATURES

The Onga Dominator changes the rules for household pressure. Submerged in the tank or well, it is completely silent. It shares its pump components with the highly respected Sta-rite Signature 2000 submersible borehole pump range. Coupled with Presscontrol, Dominator becomes a complete home pressure system. Applications for this particular item generally is applied within silent household pressure systems, garden irrigation, or water transfer.

## DOMINATOR RANGE ADDITIONAL FEATURES

Stainless steel casing, components, motor shaft & foot

Corrosion resistance, long life

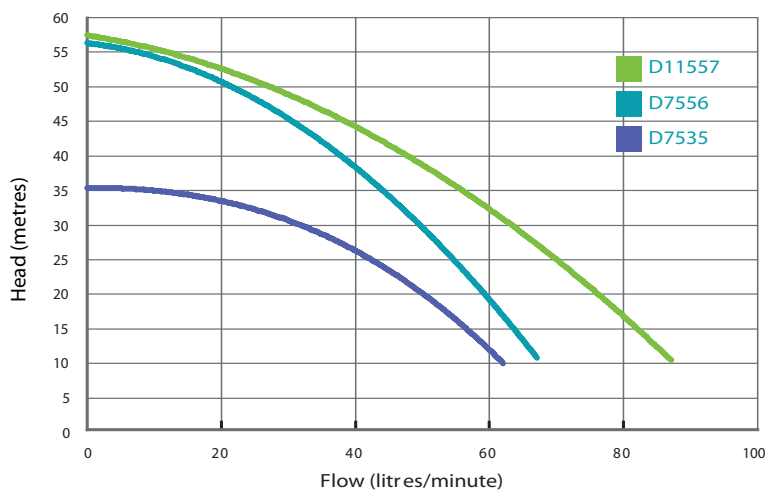

Cast iron suction & discharge

High strength connections

Compact

Install in tight spaces

## DOMINATOR RANGE PERFORMANCE
