

Eco-Chlor SM

Salt Water Chlorinator

By Pentair Water Pool and Spa™

Flick the switch and the Eco-Chlor is the Environments best friend

Pentair Water Pool & Spa is proud to announce the release of the switch mode salt water chlorinator. Compact in design this salt water chlorinator is the ideal environmental partner for your pool and features a sophisticated switch mode design with advanced technology that allows for 60% less electrical consumption. Working at an ambient temperature, the unit runs cooler than other chlorinators on the market and reduces voltage ripple. Manufactured in Australia, the Echo-Chlor SM has the ability to be used in water that has a very high salt content, making it attractive to every pool owner. *Switch mode technology provides long lasting performance backed by a 2 year power pack and 5 year pro-rata cell warranty.

*See warranty for terms and conditions

Eco-Chlor SM

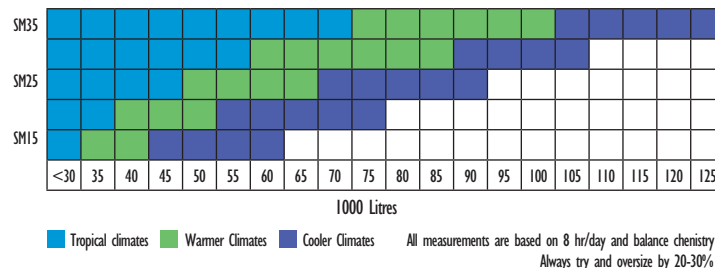

Salt Water Chlorinator

Features

- Technologically Reliable
- Low heat generation
- Ease of operation
- Adjustable cleaning cycles
- Environmentally Friendly
- 3000 to 35000 ppm Salt (can be used in sea water)
- LED indicator lights
- Low salt disables output
- Electronic flow sensor and fault light
- Best high salt level regulating devise available (Switch Mode)
- Fully weather protected
- Can easily be turned down in winter for cold water operation
- SuperChlor mode for boosting chlorine levels during peak times
- Touch pad controls that provide easy setting
- Fully automatic operation – even when the owner is away
- Easy installation to new and existing pools
- Reliable and durable for long lasting performance
- Reliable time clock with back-up timer optional
- Reversing times can be set to 10, 7.5 or 5 hours
- Cell has union connections for easy exchange of cell
- Advanced high grade U.V. stabilised plastic control unit
- No large alloy heat sink needed for heat dissipation as unit has very little heat build up

Chlorinator Sizing chart

Chlorine Production

Model	Production per Hour		Production in 8 Hours	
	Chlorine Output	Sod.Hypo. Equiv	Chlorine Output	Sod.Hypo. Equiv.
SM15	15 grams/hr	23 grams/hr	120 grams/8hr	184 grams/8hrs
SM25	25 grams/hr	38 grams/hr	200 grams/8hr	304 grams/8hrs
SM35	35 grams/hr	54 grams/hr	280 grams/8hr	432 grams/8hrs

An Eco Select™ Choice

The Eco Select brand identifies our "greenest" and most efficient equipment choices. These products save energy, conserve water; eliminate noise, or otherwise contribute to a more environmentally responsible equipment system.

As the global leader in pool and spa equipment manufacturing, we strive to provide greener choices to our customers. We hope you'll join us in embracing more eco-friendly poolsapes by choosing Eco Select products for your swimming pool.
