PENTAIR

EASYTOUCH®
POOL AND SPA CONTROL SYSTEM

pentairpool.com

WHO SAYS POOL AUTOMATION HAS TO BE COSTLY AND COMPLICATED?

Scheduling and controlling the operation of pool and spa equipment and related poolscape accessories is now blissfully automatic, simple and affordable. EasyTouch® Pool and Spa Control Systems eliminate the inconvenience of repeated trips to the equipment pad, memorizing operating sequences, opening and closing valves and resetting time clocks and thermostats.

What's more, EasyTouch systems set the standard for operating simplicity with push-button operation and clear, intuitive instructions and displays. Your EasyTouch system includes all circuitry and fully programmable controls in a single Load Center installed near your pool or spa equipment. This avoids expensive wiring and installation costs to make an EasyTouch system affordable for any budget.

THE ULTIMATE CONVENIENCE IN POOLSIDE CONTROL, RIGHT AT YOUR FINGERTIPS

Add an optional ScreenLogic® Interface Kit to your EasyTouch system and you can control everything from pool and spa temperatures, to jets, lighting, water features and more—right from your favorite Apple® device. The ScreenLogic interface gives you access to your pool and spa's operation from practically anywhere, anytime using your PC or Mac® computer, iPad®, iPhone® or iPod touch® mobile digital device. Whether you're across the deck or around the globe, pool control has never been this easy.

AN ECO SELECT® BRAND PRODUCT

Pentair® control systems can optimize energy use and equipment performance by automating and synchronizing equipment scheduling. They prevent problems and waste so you don't have to rely on your memory or limited time clocks to operate or turn off equipment.

As the global leader in pool and spa equipment manufacturing, we strive to provide greener choices for our customers. We hope you'll join us in embracing more eco-friendly poolscapes by choosing Eco Select brand products for your swimming pool.

Total control, anywhere, anytime, using your PC or Mac computer, iPad, iPhone and iPod touch devices.
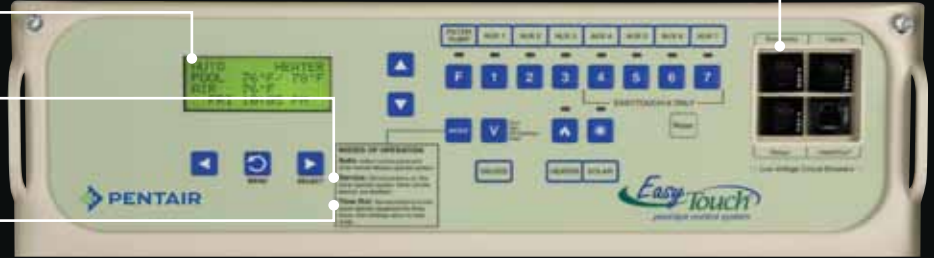

EASYTOUCH®
POOL AND SPA CONTROL SYSTEM

Resettable circuit breakers are readily accessible by you or service professionals from outside your home

LCD display informs and instructs every step of the way

Service mode aids in system testing and troubleshooting—no need for service personnel to enter your home

Time Out mode allows programs to be temporarily interrupted before automatically resuming several hours later—no need to reprogram

EASY TO INSTALL, EASY TO MANAGE

EasyTouch® systems are available for a separate spa, a separate pool, or a pool/spa combination with shared equipment. You select from systems that control four or eight accessory functions. Four-function systems are typically used to control pool and/or spa operation plus pool or spa lights and heaters. Eight-function systems allow separate scheduling for additional features, such as landscape lighting, waterfalls, fountains, additional heaters and more. Take the work and worry out of scheduling and operating pool and spa heating, filtration and cleaning cycles. For even greater convenience, you can add any of these optional controllers:

EasyTouch System
Indoor Control Panel
(for 4 or 8 function control)

EasyTouch System
Wireless Controller

SpaCommand®
Spa-side Remote

iS4 Spa-side
Remote

- All functions controlled with easy, one-button access from the Load Center.

- A variety of optional, simple-to-use remote, wired or wireless controllers for added convenience.

- Full programmability of everyday equipment operation for optimum efficiency. Re-program for variable pool/spa usage patterns or when adding or changing equipment to maintain peak efficiency.

- Onboard diagnostics make service simple. Built-in, self-test diagnostics give you the ability to verify correct operation of specific functions, and a diagnostic screen reports failures for troubleshooting and repair.
